

Execord — Privacy Policy

Last updated: August 21, 2026 • Execord

This Privacy Policy explains how Execord collects, uses, stores, and protects data when you add the Execord bot to your Discord server, use its commands, or visit our website in accordance with the EU General Data Protection Regulation (GDPR).

1. Controller (Responsible Party)

The controller responsible for data processing within the meaning of Art. 4 (7) GDPR is the operator of Execord. Full address and contact details are available at <https://ittology.github.io/Execord/PRIVACY.html> and <https://ittology.github.io/Execord/LEGAL.html>. Direct contact: ittology.contact@gmail.com | Support Discord: <https://discord.gg/BBJTAsd8jy>.

2. Categories of Processed Data

Execord adheres to the principle of data minimization (Art. 5 (1) (c) GDPR). We only process data necessary for bot operation:

- **Discord Guild IDs & Channel IDs:** To identify servers, save token balances, and execute actions in designated channels.
- **Discord User IDs:** To verify Discord administrator permissions before executing privileged actions.
- **Natural Language Prompts:** Prompt text submitted via /execute is transmitted in real-time to the AI pipeline to determine corresponding Discord actions.
- **Operational Logs:** Temporary debug logs are generated to diagnose API errors. Message contents from your channels are not stored permanently.

3. Legal Bases of Processing

We process data based on Art. 6 (1) (b) GDPR (Performance of contract / command execution) and Art. 6 (1) (f) GDPR (Legitimate interests in operational security, abuse prevention, and debugging).

4. Third-Party Processors & International Transfers

Execord integrates with trusted external services:

- **Discord Inc. (USA):** Gateway infrastructure for bot operations and event reception.
- **Whop Inc. (USA):** Merchant of Record for payment processing, billing, and subscription management.
- **Database Hosting (Supabase Inc.):** Cloud database storage for server IDs and token balances.
- **LLM API Providers (e.g., Google Cloud, OpenAI, Anthropic):** Natural language prompts are processed via enterprise API endpoints (no model training on customer data).

5. Data Storage Duration & Deletion

Data associated with your server is retained while Execord is present on your server. You may request immediate deletion of all associated server records at any time by contacting us via email or Discord.

6. Your Rights under GDPR

Under GDPR (Art. 15-22, 77), you have rights to access, rectification, erasure ('right to be forgotten'), restriction of processing, data portability, objection, and lodging a complaint with a supervisory authority.

7. Contact for Data Protection Inquiries

Inquiries can be submitted to **ittology.contact@gmail.com** or via Support Discord:
